

JAYDEEP PAL

MERN Stack Developer

+91-7007419188 | paljaydeep700@gmail.com | github.com/jaydeeppal02 | linkedin.com/in/Jaydeep-pal

Professional Summary

Results-driven MERN Stack Developer and MCA student with a solid foundation in full-stack web engineering, modern JavaScript architecture, and responsive interface design. Experienced in developing full-cycle web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in designing RESTful APIs, implementing database solutions, developing reusable components, and translating requirements into functional, user-focused software applications.

Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Mongoose

Tools: Git, GitHub, Postman, Axios, VS Code

Education

Master of Computer Applications (MCA)

GLA University, Mathura, India

Expected 2028

Bachelor of Computer Applications (BCA)

SMS Lucknow, University of Lucknow

Jun 2026

Technical Projects

NoteFlow — Full-Stack Note Management System

Tech: React.js, Node.js, Express.js, MongoDB, Axios

- Developed a full-stack CRUD application enabling users to create, read, update, and delete notes through a responsive React interface.
- Built RESTful APIs using Node.js and Express.js with Mongoose schema models, validation, and MongoDB database integration.
- Integrated Axios for asynchronous API communication and handled client-side state updates for a smooth user experience.

Helping Endorse — Advertising Management Platform

Tech: React.js, JavaScript, Tailwind CSS, Local Storage

- Developed a responsive web portal designed to manage advertising campaigns and promotional activities across online and offline channels.
- Created reusable React components and responsive layouts to provide intuitive navigation and consistent user interaction.
- Implemented Local Storage for persistent client-side campaign configuration and data management.

Ganga Building Designer — Architectural Layout Visualization Web App

Tech: HTML5, CSS3, JavaScript

- Developed an interactive front-end application enabling building design previews and floor layout visualization.
- Implemented dynamic DOM manipulation using modern JavaScript with responsive layouts for different screen sizes.

Certifications & Experience

MERN Stack Development Intern — Hanumant Technology

2026 (6 Months)

- Completed six months of hands-on development training focused on full-stack web architecture, REST API development, database integration, debugging, and application development.

Advanced Diploma in Web Development — Prakash Group Of Institution

2023

Languages

Hindi, English
